Professional Experience

Creative Marketing & Brand Designer

Tailor Brands (2023 - Present)

- Spearheaded the development and design of cross-platform marketing campaigns informed by performance data and analytics for Meta, TikTok, Google and Pinterest in a fast-paced, high-pressure environment.
- Owned end-to-end web design for SEM and branded landing pages (concept → UX/UI → handoff/QA) and maintained a scalable landing-page component system, improving user journeys, consistency, and conversion rates.
- Directed and designed compelling brand assets, enhancing overall brand identity and visual storytelling.
- In charge of art-direction and creative development for internal events, ensuring brand consistency and engaging production quality.
- Collaborated with cross-functional teams to optimize campaign effectiveness, utilizing user-generated content and creative research.
- Lead the marketing design team by setting design standards, streamlining workflows for better efficiency, and maintaining creative consistency across all initiatives.
- Interview, mentor, and manage design talent, fostering a collaborative culture of creativity and high performance.
- Represent the design team in cross-departmental projects, aligning creative strategies with broader marketing goals and company vision.

Associate Graphic Motion Designer

Vimeo (2022)

- Created animations and graphic assets, focusing on the motion and graphic language for Vimeo-Creat.
- Led creative R&D for web design and video editing, producing templates for both internal and external marketing needs.
- Collaborated with tools such as Figma, Illustrator, and the Vimeo-Creat platform.

Content Designer

Artlist (2021)

- Designed branded discovery ads and marketing visuals with a strong focus on image-making, composition, and visual storytelling.
- Created album covers and campaign assets using illustration, typography, and photo-based design, contributing to the overall creative direction.
- Supported art direction by planning and curating visual content for blog and editorial pages, maintaining visual consistency and alignment with brand guidelines.

Freelancer (2018 - 2021)

- Provided design services across various mediums, specializing in graphic language creation, typography editing, and motion design.
- Notable projects include logo designs, video editing, and social media content for diverse clients such as Canopy LTD and Kahun.
- Design and Motion design for music release

Social Media Management

Wizo-NB School of Design (2019 - 2020)

- Led the rebranding and content strategy for the "Vico-Wizo" social pages, enhancing engagement and visibility.
- Curated page layout and activities, fostering community interaction through guest features and content planning.
- Content Creation on high passed demand.
